

Greater Purchase Security Means Bottom-Line Savings

With the Wright Express card, all fueling information -- including dates, times, per gallon costs, fuel grades, quantities, odometer readings and much more -- is captured electronically, right at the point of purchase, and processed to provide fleet managers with everything they need to monitor and reconcile monthly fuel usage.

Each driver is assigned a unique ID number and a card is assigned to each vehicle in your fleet. One can't be used without the other, helping to prevent unauthorized fuelings. Lost cards, stolen cards, or terminated drivers can be removed from the system within one business day -- minimizing potential misuse and liability.

Here's how a standard transaction works:

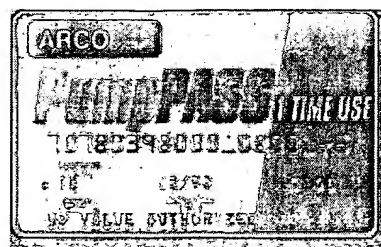

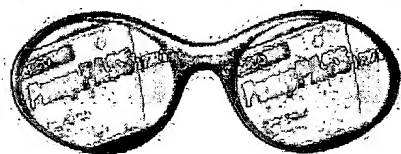

1. Driver inserts card in the pump
2. Enters odometer reading as requested
3. Enters driver ID number as requested
4. Selects fuel type and fuels up

Introducing The ARCO PumpPASS 1 Time Use Card

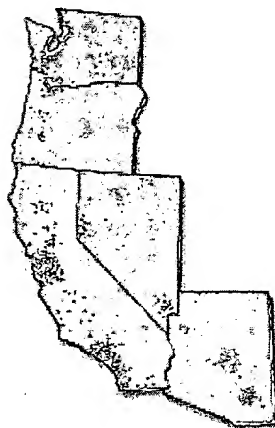

Take a Closer Look at a Bright Idea!

Easy To Explain

Don't waste valuable time and space explaining a complicated offer. The ARCO PumpPASS 1 Time Use is a pre-paid gas card... A bright idea with high value.

Easy To Manage

You can order a supply of ARCO PumpPASS 1 Time Use Cards now and store enough for a complicated, multi-level promotion in a single desk drawer. No huge warehouse of premiums to be fulfilled or complicated audits of "left-overs" to administer.

Versatile

This one promotional item will definately get your message across. You'll be surprised at how much you can boost your success by reaching everyone with something they really can use. Your prospects will be glad to get them and your employees will want to earn them. You can keep them on hand to use on demand for a variety of safety and performance awards, thank you gifts, and incentives.

Simple To Use

It's easy to use the PumpPASS 1 Time Use Card at over 1,700 participating ARCO locations on the west coast. Just drive up to the pump. Put the PumpPASS 1 Time Use Card into the reader and get up to \$5, \$10, or \$20 worth of the high-quality ARCO gas of your choice.

Results

You can get the results you want with the ARCO PumpPASS 1 Time Use Card... A bright idea for your promotions.

Mobil GO Cards

Mobil® The energy
to make a difference™

They're Not Credit Cards

Mobil GO Cards are prepaid gas cards that you can buy for \$10, \$25, \$50, or \$100 and use to pay for Mobil fuel, services, and convenience store purchases.

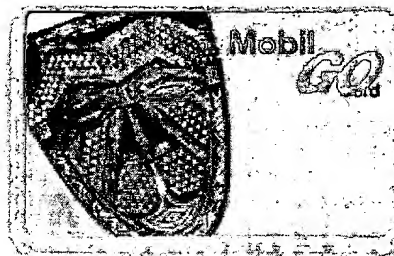

Better than cash

With Mobil GO Cards you can pay right at the pump or at the register, so they're faster to use and more convenient than cash. Every time you use your card, the purchase amount is deducted from your card and the remaining value is printed on your receipt. There's nothing to sign and no waiting for change, just pay with your card and go.

Great for Business and Pleasure

Whether you need to control business expenses or budget personal expenses, Mobil GO Cards make it easier with their preset dollar values. And they make great gifts for family, friends, and employees.

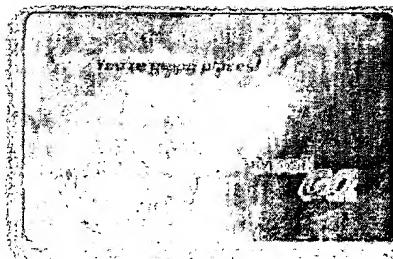

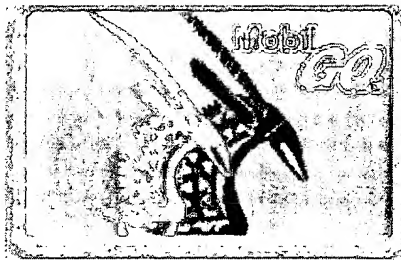

Always there when you need them

With Mobil GO Cards in your wallet, purse, or glove compartment, you always know you have money for gas, munchies, or unexpected repairs.

Easy to Use

Simply insert your Mobil GO Card into the card reader at the pump, or hand it to the attendant at the register. The purchase amount is deducted from your card and your card's remaining value is printed on your receipt. When you've depleted the card value, you can call and "re-charge" the GO Card for future use.

**Gas to Go**

You may want to keep an extra GO Card in your glove compartment for emergencies. And they make great gifts. If you have any questions, please [contact us](#).

Contact Us

✓ Wright Express Corporation

Velcor has a partnership with Wright Express Corporation to provide a universal fuel card. This fuel card allows you to gain more control of your fuel program and reduce the overall fuel costs. No other fuel card provides the convenience, control and security that Wright Express offers.

✓ Electronic Point of Sale Processing

This card allows drivers the convenience to pay at the pump or inside the service station. Each card is assigned a personal identification number to provide added security.

✓ Fuel Stations

This fuel card is accepted at over 125,000 service stations nationwide. It has 24 oil companies your driver can choose from. Rather than have your driver carry three or four oil company cards, they carry just one card and have more fueling choices and locations than ever before.

✓ Monthly Reporting

With each transaction, driver mileage, time of fueling, number of gallons, cost per gallon, type of fuel (unleaded or premium), type of service (self or full), and miles per gallon are obtained. Because purchases are recorded electronically at the time of sale, your reports are accurate and timely.
